Description A perfect blend of fun and performance for young riders aged 5 to 9. This bike mirrors the essence of the renowned CRF70F, offering an ideal gateway for kids to experience the excitement of dirt biking. Its robust design ensures a reliable ride, while the beginner-friendly automatic transmission makes it a dream come true for any aspiring young rider.

Drawing inspiration from the Honda CRF50, this 70cc Dirt Bike stands out in its class, promising superior performance, ride quality, and style compared to other bikes in its segment. Equipped with high-performance components and a visually appealing design, it's your ultimate solution for introducing your child to the adventurous world of dirt biking.

This bike is not just a vehicle but a stepping stone for your child into the exhilarating world of off-road riding, offering a blend of safety, performance, and style.

The 70cc 4-stroke mini dirt bike is engineered for young enthusiasts, featuring a single-cylinder, air-cooled engine that delivers a power output of 3.5 kW. It's designed with an electric start mechanism, making it user-friendly for beginners. The bike boasts a top speed of 55 km/h and is equipped with a 3.2-liter fuel tank, ensuring extended playtime on the trails. Its fully automatic transmission simplifies operation, allowing riders to focus on the ride. Safety is prioritized with reliable drum brakes and a stable wheelbase, courtesy of 10-inch wheels at both the front and rear. The bike's ergonomics are tailored for comfort and control, evidenced by a seat height of 55 cm and a modest ground clearance of 15 cm, accommodating various rider sizes. Despite its lightweight frame of 112 lbs, it can support a maximum load of 121 lbs, making it a robust option for young riders. Overall, the bike's dimensions are 119 cm in length, 36 cm in width, and 63 cm in height, with packaging dimensions designed for secure transport at 132 cm by 57 cm by 80 cm. This bike is an ideal choice for introducing youngsters to the world of motorcycling, combining performance, safety, and user-friendly features.

This Gas Dirt Bike is shipped 90% assembled, some assembly is required.

This Gas Dirt Bike requires but is not limited to:

- Basic understanding of Carburetor function. Example: Choke ON, Choke OFF
- Ability to Perform Oil Change and Check Oil
- Basic Small Engine Maintenance
- Battery Connection
