Description

PHX Helios Gloves are an all-around performance powersports glove. Stretch mesh fabric maximizes dexterity and finger range of motion while keeping hands cool throughout. Neoprene injection molded PHX emblem, reinforced knuckle protectors and Multi-layered palm deliver added protection and impact resistance with comfortable bar feel. Enlarged hook-and-loop wrist closure with pressure-molded cuff provides a secure fit and unmatched flexibility. Silicone printed finger tips and palms produce added grip, and are touchscreen compatible. All making PHX Helios Gloves the glove of choice for every level of rider.

- Silicone finger tip prints for lever grip are touch screen compatible.
- Enlarged hook-and-loop wrist closure with pressure-molded cuff provides a secure fit and unmatched flexibility.
- Multi-layered palm delivers added protection and comfortable bar feel.
- Flexible neoprene injection molded PHX emblem for added protection and impact resistance.
- Neoprene reinforced knuckle protectors guard against finger injuries.
- Stretch mesh finger couplings for maximum dexterity, full range of motion, and airflow.
