Description

The ? open face PHX Street -Elite- Edition is the lightest helmet in its class. It exceeds all DOT safety standards and is certified for use in the USA, Canada and Mexico.

Advanced ABS structure, treated hardware, and moisture & heat resistant adhesives yield a performance blend of durability and lightweight construction.

A full extension face shield with 90 degree pivoting motion provides the rider with optional shield protection at any time. Motion slip-lock feature holds the visor in place in every one of the 20 pivot settings. Each PHX Street also includes an ultra-soft padded chin strap with heavy-duty snap buckle to ensure maximum comfort, ventilation and uncompromising safety that exceeds industry standards.
